## Appliances to feed any family's appetite.

### Additional Features

#### AquaLift® Self-Cleaning Technology

Get odor-free cleaning without harsh chemicals in only 50 minutes. AquaLift® self-cleaning technology uses only water and low heat to help remove baked-on foods from the bottom of the oven.

#### Temperature Sensor

A built-in sensor monitors oven temperature and adjusts the cooking elements to help food bake evenly.

#### Rapid Preheat

Rapid Preheat uses all of the elements and a rear fan to heat the oven quickly. Now you can save time when single-rack baking with 20% faster preheating.

**6.4 Cu. Ft. Capacity**

**Easy-Wipe Ceramic Glass Cooktop**

**Large Oven Window**

**Max Capacity Rack**

**Hidden Bake Element**

**Dishwasher-Safe Knobs**

**#1 Selling Appliance Brand in the U.S.A.**

Extra large oven space is wonderful. Easy to understand and use settings and cook modes make cooking easier, and faster, Warming burner on range is very useful. Outstanding product. Great value.

nt control panel

**By Lee**

**From Sc**

This review was submitted as a sweepstakes entry.  
we needed a front control due to the way our oven fit in the space. this one has front controls that are awesome. very easy to use.

the temp in this thing comes up to speed FAST. do not turn your head on the broiler!

like the mulitple options for cooktop burner size.

The stove cooks well & performs well. However, it takes more frequent cleaning of stove top than previous stove did to maintain surface.

I bought this to go in my newly remodeled kitchen and have not found a feather I don't like. I love the rapid preheat feature but my favorite is the aqua lift feature.

## all around features

**By** Becky

**From** Greensburg PA

This review was submitted as a sweepstakes entry.

I have a hard time with the computer part, but learning is fun. I love the fact that the oven stays warm after it is turns off, unlike others.

Keep warm oven, stove top functions are great. Making breads with the yeast is so much easier to rise. Then there is the frozen bake..Love it. Just put it in and set the temp and time and you are done. Also, the time delay is fantastic also. Waiting for the whole family to arrived at different times, with the his you can have it set to start at a certain time. These are the only features that I have used, but I cannot wait to try the convention feature. Christmas every time I use it

By Upset

From FI

I thought this was a slide-in but it has no lip to set on top of the countertop. From my review it looks like you have to separately purchase a trim kit for additional \$100 and therefore, it is truly not a slide in....very disappointed. haven't installed yet but maybe will return because it's not what it says it is. If I wanted a portable, I would have purchased one.

**Merchant response:** Dear upset: Thank you for taking the time to write regarding your appliance. Feedback from our customers is an important source of information. We regret that you are not totally satisfied with your Whirlpool® 6.4 Cu. Ft. Slide-In Electric Range with True Convection. We manufacture several different models with various feature and accessory designs while trying to provide appliances that are versatile in meeting the needs of our customers and adhering to increasing governmental restrictions. We are sorry if some operating characteristic or feature is unsatisfactory, and we apologize for any inconvenience this concern has caused you. Thank you
